

## Terms of Usage Form:

**Note: SES makes every effort to provide the industry's safest inflatables and attractions available, as well as comprehensive instruction in compliance with the most current and reliable safety procedures.**

1. The undersigned customer acknowledges that use of amusement equipment may involve inherently dangerous activities. He/she further acknowledges understanding that risk of serious injury from participating in inflatable activities, although minimal, does exist, as so in all play and amusement activities. Risks include, but are not limited to physical injury, emotional injury, distress, paralysis and even death.
2. Customer agrees to notify all participants, and participants' parents or guardians of 'Use at Own Risk' policy.
3. As lessee of unit/s, the customer assumes sole responsibility for the safety of all participants.
4. **Adult supervision is required during use of all units.**
5. The customer acknowledges that SES is not responsible for supervision of participants while units are in use.
6. Weight and participant capacity for units are visibly listed on each unit and shall be strictly followed.
7. For general safety purposes, SES recommends inflatable unit participants be 3 years of age or older, and wet/dry slide riders be 6 years of age or older.
8. All participants must remove shoes, jewelry, keys, eyeglasses, and any other loose or sharp objects before entering unit/s. No additional toys such as balls shall be brought into unit/s.
9. ABSOLUTELY NO food, drinks, gum, "silly string", confetti or smoking is allowed in or near unit/s. Upon breakdown inspection, units found containing forbidden items and/or debris shall be subject to cleaning fee of \$25
10. To avoid neck, back and other bodily injuries - **no wrestling, flips, and/or rough housing** shall be permitted in, on, or from units.
11. Participants shall not (1) leap from foreign platforms onto unit sliding/bouncing areas, (2) climb netting or any part of unit not designated for play, (3) bounce against uprights, sides, or near doorway of units.
12. Persons suffering from previous head, back, neck, muscular-skeletal injuries/disabilities/conditions; pregnant; or deemed susceptible to injury from falls, bumps, or bouncing shall be considered non-eligible to participate in unit interaction at any time.
13. Participants shall be advised to NOT allow older children to jump with younger children.

Customer Initials: \_\_\_\_\_

14. In the event of power loss to blower/s, unintended incidental deflation of unit during operation, or any other interruption of proper unit function, designated adult supervisor shall immediately assist participants with safe evacuation from unit/s.
15. Unit/s MUST be secured to firm ground as installed at all times in order to prevent unit/s from imbalance or "tipping" potentially resulting in participant injury. At no time shall unit/s be removed from installed location.
16. Units shall not be used in inclement weather. Such weather conditions include sustained winds/gusts exceeding 15mph, thunderstorms, lightning, or precipitation of any form (rain, hail, snow, sleet, etc.). In the event such unforeseen weather conditions arise, unit/s shall be safely evacuated and blower/s disabled.
17. Participants shall be kept away from blower/s during operation of unit/s.
18. Adult attendants shall exercise prudence in supervising use of units. In the event of occurrence/s varying from normal operation or function of unit, attending adult shall immediately stop ongoing activity.
19. Event location set up area must be flat, dry, and clear of rocks or other debris to ensure safety of participants and proper operation of unit/s. 20-foot overhead clearance is mandatory, as well as 5ft or greater perimeter around unit/s. Customer assumes responsibility of providing suitable set up area.
20. Customer assumes full responsibility for any damage to or loss of equipment during contracted time.
21. Customer assumes responsibility to supply required power for blower/s as well as to supply required water for wet unit/s. An approved 3-prong/grounded AC outlet must be located within 100' of unit requiring power for blower/s. (50ft preferred). A 100' utility water hose must be within 100' of the unit requiring water (50ft preferred).
22. In the event of power failure at specified installation address, SES shall not be responsible for refund of rendered fees or security deposit.
23. SES shall not be held responsible for heat/sun-related injuries/illnesses (including sunstroke, sunburn, and dehydration).
24. SES shall not be held responsible for fatigue, chill and/or dizziness.
25. SES reserves right to revoke customer contract upon violation of any of above terms, without notice, without refund.

***The customer agrees:***

1. That he/she has fully read this Agreement and that he/she has been adequately instructed as to, and fully understands, the safe and proper use of unit/s. The he/she shall observe all usage guidelines and prescribed safety precautions contained herein, including, but not limited to, constant supervision of participants.
2. That he/she shall maintain "received condition" of unit/s, "wear and tear" of normal usage excepted.
3. That he/she shall not make alterations or add attachments to unit/s.
